

## Are you a survivor of abuse?

*It is vital our churches are safe places for people to tell their stories of abuse, and where people listen and respond well . . .*

The Anglican Diocese of Guildford is committed to the support of those who have suffered or are still suffering abuse from members of the clergy, or others in positions of trust and authority within the church.

The diocese has in place Authorised Listeners, female and male, who have undergone a formal recruitment and training process.

A listener is able to provide an attentive and attuned listening ear to help those in need to talk about their experiences.
